"The Mystic Bond of Brotherhood Makes All Men One" Thomas Carlyle

We, the different members of the Class of 1987, are as unique as each winter snowflake. It is this individuality that has brought us closer and has built a strong bond of friendship and camaraderie. Working together has not only helped us to fulfill goals, but inspired us to establish even greater ones. Together we have formed not just a graduating class, but the class of 1987.

This Yearbook is dedicated to

Susan Antonelli

1969 1986

On October 12, 1986 the Class of 1987 suffered the tragic loss of a unique member. Although Sue was taken from us, she left us a great deal: Love, Laughter, Tears, Joy, Friendship, and Understanding.

Now in our Senior year, as graduation approaches, we shall pause a moment to remember Sue. Although she cannot be with us at this time a part of Sue lives in the heart of every one of us.

Dear Sue,

Until We Meet Again, I guess I can only keep "bottled up" inside of me the things I've wanted to say to you. Knowing that you have seen the face of God, I know you are very happy now. Even more so, because you are with Dad. You are not sad over the fact that I grieve very deeply because you realize life is temporary.

So, until we meet again, I just wanted you to know that I am very proud of you for all you have accomplished.

I Love You,
Your Sister
Angela
XOXOXO

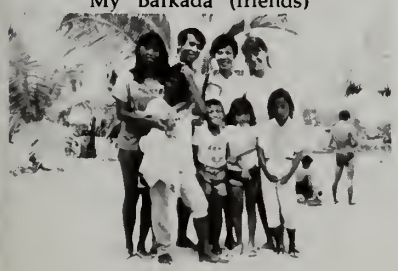
Michelle Duphily studies in the Philippines

My "Barkada" (friends)



I spent my Junior year in the Philippines. While I was there, I lived with three different host families, and all of them added greatly to my experiences. They allowed me to travel with them on vacations, and enabled me to see many of the sights and areas that the average tourist would never see. They gave me an inside look at what living in a farming province is like and helped me to realize what poverty is truly like for the people of those provinces. They also showed me the opposite side of the social pyramid by exposing me to luxuries that only the wealthiest people in the United States would have, such as maids and drivers.

My Junior year was more memorable and educational than any other in my life and it is an experience that I will never forget. By spending a year in the Philippines, I was able to learn about another country and its culture by experiencing it first hand. I met some of the friendliest and most hospitable people I could ever hope to meet, and shared many wonderful times with them. Those are the times I will never forget.

THE JUNIOR PROM

It was the big night
the night we had all been
waiting for
All the confusion and
excitement that was
shown
Everyone waiting to get
dismissed
Waiting to find out what
this special night would
bring
Finally we arrived
We were actually there
It was exactly what we
expected
That special feeling in
the air.
The special feeling that
was shared was created
by us,
The Class of 1987.

Group of MHS Students Visits France

On April 17, 1986, twelve Middleborough High School French students and three chaperones left Boston's Logan Airport for Paris, France. We anxiously boarded our plane and settled in for an almost eight-hour flight to Brussels and a two-hour bus ride to Paris.

Once in Paris, we experienced a bit of culture shock and a lot of jet lag but we still managed to see some sights before collapsing in bed. In just seven days we saw many major tourist attractions including the Eiffel Tower, Notre Dame, and the Palace of Versailles. We also managed to shop and eat our way through the city. It was a wonderful experience that hopefully will serve to pave the way for other students who desire to see a different country and develop a better understanding of another culture.

Those participating in last year's trip were Carrie Albert, Glenn Amber, Michele Bernier, Meg Carroll, Ruth Cushing, Marianne Finn, David Hilton, Stacy Jurgelewicz, Avril Levesque, Leslie Neilson, Vicki Sabalewski, and Lynn Washburn. Special thanks to our chaperones Mr. and Mrs. Oliver and Mr. MacDonald for making this experience possible.

)ear Students,

My name is Birgit Meyen. I don't know if you'll emember me, but I want to tell you a little bit about my ountry and my experiences during my year at Mid-leborough High School. One thing you should know is iat West Germany is a democracy that is ruled by a overnment that is built out of a lot of political parties. Our ay of life doesn't differ from yours; we live in houses ithout as many TV sets, but we do have McDonalds and opcorn.

My family lives in a suburb of Hamburg named lorderstedt. Norderstedt has the same population as oston. So you can understand that it was a big change to ove from a city to the "boonies". But I like Mid-leborough. Everybody knows everybody. If you walk rough the streets uptown, you know almost everybody or least their faces. It gave me a warm feeling and when we me from a trip back to Middleborough, I could say "I'm me".

I still remember my first day of school, how scared I was to meet you guys. Now I know how unreasonable it was. You were all so friendly to me, helped me when I lost my way and you were always there when I needed somebody. I never felt alone. And because of that I want to say thank you and want to give you a big hug!

When I go back to Germany I still have three more years of school, because I have to make up my Junior year again, attend my Senior year and another, 13th year. After this I would like to go to college and study medicine to be a doctor for animals.

Maybe a long time will pass before I see you again, but you'll always be in my memory. Before I came to Middleborough, you were just Americans for me but now I can say you are my friends and that's a great feeling. And who forgets his friends? I wish you all good luck for your life and if sometimes something goes wrong I'll send a little sunshine from Germany to you wherever you are! For me, all of you are number 1.

Love,
Birgit

Bente — Then and Now

Heisan!

Let me try to tell about myself and how it is to be an exchange student. Most of you know that I am from Norway, a country in Scandinavia. Everybody thinks Norway is in Sweden, but Norway and Sweden are two separated countries. In Norway we have our own language, Norwegian. We actually have two written languages, and a lot of dialects.

I have always had a dream of being an exchange student in the USA, so I was all excited when I got the call from the chairman of the Voss Rotary Club. Voss is my hometown; it is a small town in the west of Norway. It is close to Bergen, which is Norway's second largest city. Voss is about the size of Middleborough. It is surrounded by high mountains where we go skiing in the winter. Voss has hosted many world cup skiing events.

The school system in Norway is really different from here. After the 9th grade, we are all done, but almost everyone applies to another school for further education. Our high school, which is grades 10, 11, and 12, is not required. I graduated from high school last year.

In Norway, I used to take dance lessons; this year I take dance at Sherry Gold's. I play the piano and the flute. In the winter I often go downhill skiing. Awesome!

I am really glad that I came to MHS as an exchange student. I stay with the Paolella family; they are really nice. I have met a lot of people, played on the Girl's Soccer team, and been in the musical South Pacific. I have plans on traveling while I am here.

So far I have enjoyed my stay here, and I am sure I will enjoy it the rest of the time also. I would like to thank all of you that made my stay happy. I know I am going to miss all of you guys when I have to go back to Norway. Let's hope that we will always be friends and stay in touch.

With Norwegian love,
Bente!!!

To the Class of 1987,

It is the sincere wish of all of us at M.H.S. that each of you realize your dreams as you leave us to continue your lives. We hope that you feel that the years you spent with us have helped prepare you for the future. The education you received is but a working tool which is now about to be put to the test. The path you take, the strength you develop, and the service you perform will be the true indicators of your character.

Good luck to each of you. The Class of 1987 has been an excellent class from the very first day you entered our school as freshmen.

May you be a credit to your family, our school and our community.

Sincerely,
William S. Wassel
Principal

Oh to be a song, so full of joy
Its melody would sound from Pole to Pole
To lift the burden from each aching beat
And comfort every sad, bewildered soul.

Oh to be a poem, to be read
In every land where human speech is heard.
An epic of such grand heroic strength
That youth to nobler living would be stirred.

Life is a song, a poem
If we will but make it so.
Whether it reaches many or but the few — who knows?
Though it be sad or joyous
Filled with delight or tears
Still shall its hopeful message
Echo down the years.

Mrs. Norma Woodburn and Mr. Joseph Masi will both be retiring at the end of the school year. We wish both of them much happiness in the years to come.

Mrs. Norma Woodburn

For twenty-eight years, Mrs. Norma Woodburn has taught in the Science Department at MHS. Prior to her current position, she was an educator at Salem College in North Carolina, Gardner Junior College and the Leonard Preparatory School in New York. Mrs. Woodburn attended Hunter College in New York, where she earned her Bachelor of Arts degree. She has done graduate work at the University of Michigan, New York University, Boston University, Bridgewater State College, and SMU.

Mrs. Woodburn's exciting future plans include writing biologically oriented books for children and doing research in the field of Marine Biology.

Mrs. Woodburn, we thank you for your years of dedication and caring as our Biology teacher. We wish you happiness in all your endeavors.

Mr. Joseph Masi

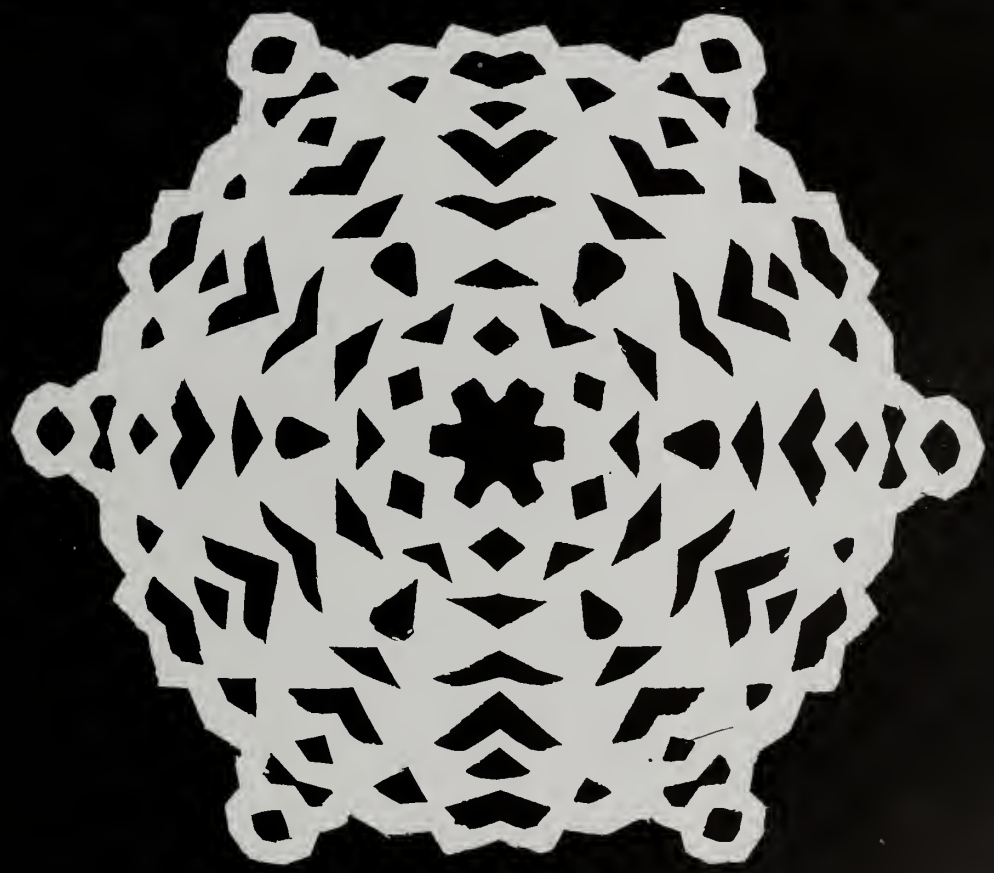
Mr. Joseph Masi, Director of Athletics, is retiring after thirty-five years of service. Mr. Masi has made a great contribution to the Athletic program at Middleborough High School and to the community as a whole.

Before beginning his career in Middleborough, Mr. Masi was the Assistant Football Coach at UMass. In Middleborough, Mr. Masi has served as Head Football Coach at MHS, Coach of the Mitchell Club semi-pro team, Parks Department Superintendent and one of those involved in establishing the Middleborough Youth Football Program.

Mr. Masi has shown an interest in excellence and a dedication to the community throughout his years of service here.

Mr. Masi, you are a very special part of Middleborough High School. We thank you for your dedication and wish you a wonderful retirement.

Sports



"If All the Year Were Playing Holidays, to Sport Would Be as Tedious as to Work."
William Shakespeare

To form a team one will combine many individuals with different strengths. These individuals must be willing to challenge themselves both mentally and physically. The Chemistry must be perfect; the goal the same. Unified and motivated a good team will fulfill its goals. It is these qualities that have always composed Middleborough High School teams — and hopefully always will.

FOOTBALL

After attending a rigorous training camp in August, the 1986 Sachem Football team was definitely prepared to improve on last year's inconsistent performance.

The '86 season got off to an uneasy start as the Sachems tied Wareham in their season opener, but all doubt was erased when they went on to win their next five games. The only loss the Sachems suffered all season was a disappointing 15-12 upset loss to Rockland in game seven. The Sachems bounced back spectacularly by winning their next three games.

This year's team was able to defeat such powers as the Whitman-Hanson Panthers and the East Bridgewater Vikings. Our final record was an excellent 8-1-1 and we are the 1986 South Shore League Large School Division champions. Congratulations to all players and coaches on a fine championship season.

JUNIOR VARSITY

Despite the low scoring record, Field Hockey 1986 had a successful season. All members worked hard and through that work came improvement. In addition, the team incorporated several new players who will hopefully help carry the team to victory in the future. Special recognition should be given to seniors Brenda Benson, Ana Benshoff, Tara O'Callaghan, Melissa Rooney, and Coleen Fitzpatrick whose contributions to the team were immeasurable. Best of luck to the team in following seasons.

In spite of the fact that we had a very small team, the season was a success in that we tried our best, and that's what counts. After all, it's not always whether you win or lose, but how you swim the race.

This year's Varsity squad, which included Seniors Joe Callahan, Kevin Sitler, and Brian Crogan, showed a lot of improvement throughout the season. The highlights of the year were defeating Hull by seven points in overtime and coming within two points of a tie against Rockland in a game near the end of the season. With returning Varsity members of the team and the potential shown by the JV and Freshmen squads, there is much optimism about next year's team. This feeling is reinforced by the team's ability to stay close in many of the games near the end of the season.

Two Wins, Sixteen Losses

This year's Lady Sachems Basketball team was led by Senior Co-Captains Jackie Fuce and Brenda Sweeney. Although the team didn't have a successful season as had been hoped for, the girls kept on trying. Since the team consists mainly of young players, the future looks bright for our team. We'd like to thank Coach Bob Denise for his support during the season.

CHEERLEADING

Cheerleading adds a spirit to school activities which supplements the victory or softens the defeat, but overall entertains the crowd. Whether doing mounts, cheers, or gymnastics, the cheerleaders bring a smile to the faces in the stands.

This year's Wrestling team, led by Senior Co-Captains Peter Falconeiri and Wellington "Bird" Saunders, had a successful season. Each member of the squad contributed greatly both with physical and moral support.

There were several first year team members who filled the openings left by last year's Seniors and proved to be future contenders in their individual weight classes.

Although Seniors Bird Saunders, Peter Falconeiri, and Craig Ryan will be missed greatly, there are several returning Varsity and JV Wrestlers. It is hoped that they will be the core of a team which is a league contender.

Even though the squad this year included many relatively new members, the overall effort of the team is outstanding. We should be proud of how well they represented MHS.

ACAPELLA CHOIR PRESENTS SOUTH PACIFIC

Acappella choir musicals, like South Pacific, mean a lot to the people in them, especially when they are seniors. When play season comes you get to know everyone in the choir pretty well, and you work together as a team. Even though most people hate all the rehearsals, when the time comes to perform everyone comes together and works as a team. When you are a senior, you realize that you are not going to be part of that team next year, and it makes you feel sad about all the friends you are going to leave behind. The musicals that we do here are really fun, because we are all working for the same goal. That goal is to perform the best musical the audience has ever seen.

High School is what one makes it. The individuals in this section have definitely taken advantage of everything available here at Middleborough High School. Different people coming together with a similar interest is what being involved is all about. They have shown that they are willing to give a little more than they need to — and for that they should be commended.

Speech and Theatre Workshop is the best club in the high school. There are lot of interesting things that are fun to do and you can learn about the arts, improvisation, and mime. Every year, there is a trip to Boston when we attend a professional theatrical production.

Every year, Speech and Theatre presents a play. This year's production was "All My Sons", which is pictured on this page. Everyone who does the play does a great job. People who are involved in theatre groups have said that the kids involved in Speech and Theatre will make great professionals if they stay with it.

In this group, you can be yourself even if it's a little crazy. Most of all, it's a lot of fun.

"What DECA Means To Me"

by Senior DECA

Each organization has its own individual meanings or beliefs. To generalize the meaning of an organization, we can state: An organization is a group of individuals working together toward a common goal. This is DECA.

We have quickly learned that to reach, strive for, and set goals, one must overcome fears. DECA helped us to do this by showing us how to recognize and then conquer fears.

DECA is nationwide. All over the country, DECA members and chapters strive for excellence. They're rewarded for their efforts at the National Career Development Conference where they're given a chance to meet others from every state in America, and to learn about many different lifestyles and cultures. It's definitely an experience of a lifetime.

MEDIA COURSE INTRODUCED AT MHS

Media Technology is a new course dealing with video communications. The basis of the class deals with script writing, camera work, acting, lighting, sound, and graphics. The class is limited in size (under ten) in order to keep everyone busy.

The main objective of Media Technology is to produce programs for Continental Cablevision, providing work experience and many studio hours. Each person has written several scripts and these will be used in a bimonthly news and entertainment show called "Larry's Corner".

Senior members of the class include Jim Hampton, Wil Selzer, Miki Kerrigan, Tara O'Callaghan, Emily Gedraitis, Jess MacLellan, and Dee Sylvia. Shane Doyle and Christine Deefe are also in the class.

Anyone interested in any aspect of the communications field should consider Mr. Hilsabeck's Media Technology class. It's a great experience.

Community

"Until You Have Become Really, in Actual Fact, a Brother to Everyone, Brotherhood Will Not Come to Pass." Fyodor Dostoyevski

In her own right, Middleboro is a community made up of individuals. And, despite her size, the people share a kind of closeness that isn't present everywhere. The people of Middleboro hang together yet do not crowd. There is always the understanding that no matter what, there will be someone there. It is that kind of understanding that makes a town great.

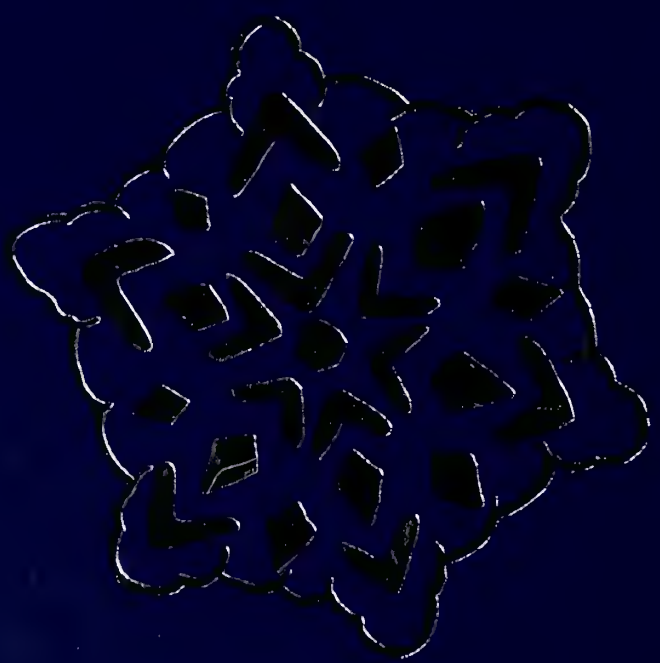
"The Purpose of Learning Is Growth, and Our Minds, Unlike Our Bodies, Can Continue Growing as We Continue to Live."
Mortimer Adler

For the Class of 1987 Graduation marks a milestone in our lives. The event marks not a time of separation but a time of transition. The common nexus that has kept this class together will not break, but will instead mature. Our shared amity and respect must not be left behind at high school. Such ideals can only be of value in the times to come.

We have learned far more than we think here in the hallowed halls of Middleborough High. A retrospective look back will prove this.

Congratulations.

Be Careful.


Strive to be happy.
